### Tuairimí:

#### Chapter 3: Housing

**Caibidil:** Volume 1: Written Statement » Chapter 3:  
Housing

To Whom It May Concern:

I wish to support the following submission CLW-C10-17 in relation to the Tinryland area.

In relation to individual and once off housing, it is very disappointing that local people are unable to get planning permission to build homes on their own lands or in their own community, considering all proper guidelines are adhered too.

I too would like to see more affordable, private and social housing within the boundaries of Bagenalstown area, giving all people of the area an opportunity to live in their own communities. As outlined it is important considering the pressure on housing that lands do need to be considered for re-zoning for housing developments.

It is imperative that any future housing developments, must be accompanied by the proper infrastructure and services for the local area.

Regards

Cllr. Andy Gladney
