**RE: RAIL LINK PROJECT / ST.LEO'S COLLEGE, CARLOW – PART 8 DEVELOPMENT.**

Dear Conor,

We write in relation to the application described above, being made by Carlow County Council.

The Educena Foundation are the owners of a plot of land which is the subject of this planning application.

Having regard to Article 22(2)(g) of the Planning and Development Regulations, 2006, as amended, which states that *'where the applicant is not the legal owner of the land or structure concerned, the written consent of the owner to make the application'*, we give our consent to Carlow County Council to the making of this planning application. We would note that the issue of our consent for the submission of the planning application does not in any way constitute a contract, right of way, burden on the property, permission to carry out works or confer any agreement to transfer the ownership of the plot of land to Carlow County Council should they obtain Planning Permission.

We trust this is to your satisfaction. Should you have any queries, then please do not hesitate to contact us.

Yours sincerely,

Paul Keane
